Subject: Meeting Request: EPA Technical Correction of IRIS Quantitative Exposure Risk Value for Chloroprene

Hey Byron and Nancy,

I hope you are both well. I am following up on Segal's email attached below to see if we can schedule a meeting with both of you either June 27 or 28th. The CEO of Denka is flying in from Japan for this meeting and the folks from Louisiana will be here during that time as well. We are wide open either of those days to meet. In effort to get the discussion rolling, let me suggest June 27th at 1:00 or 2:00.

The Denka team wanted to meet with both of you as we are about to file the Request for Correction (RFC) for this issue. We want to ensure that as EPA looks in to this issue senior management is fully briefed and afforded the opportunity to ask any questions of or experts.

Please let me know if these times work and if not please suggest a new time and I am certain we can accommodate.

Thanks for all you do and we look forward to seeing you both.

Ed
